Bring the Tiki Goddess Home

Sometime in the wee hours of January 12-13, our TIKI GODDESS went missing from the fenced in patio of The Goddess of Glass & Friends. Even after coverage on TWO major news outlets and thousands of social media shares, she remains missing. Please help us bring her home. She's carved from a tree that fell in the tornado of 2011 and carries strong community significance. She belongs back here on our corner.
